Meeting to be held at the St. John Library south of Route 30 on Route 41. Go to one block south of Walgreens at 93rd Avenue, right side of the street. If you get to K-Mart, you have gone too far.

Spring Speakers

We have some wonderful speakers scheduled for the spring meetings. For February, well-known Master Gardener, Dolly Foster will be giving a presentation on Spring Cleanup in your garden. In March, Becky Crabb will be dealing with the importance of growing heirloom vegetables. And in April, Dian Fruth will talk about how to attract hummingbirds to your garden.

Thank You!

The Expo committee would like to thank South County Landscaping for the great DVD of our last four shows, it is going to make a great marketing tool.
