We would appreciate a description of your pond and/or water feature to keep on file whether or not you plan to be on a pond walk. Please use a narrative form and try to include who made it, when, what lives in it (plants, fish, frogs, turtles), waterfalls if any, approximate gallons and dimensions. Include type of garden(s) which surround it (annual, perennial, shade, etc.) Add any special features. Please add brief simple directions to your pond from the nearest main street.
